# Goodnotes Import

*These directions can be followed if your Goodnotes backup did not work. **Part of these steps will need to be done on a computer.**

On a Computer
➢ Log in to your **Google Drive** (JDragonmail Account).
➢ Locate your **Goodnotes folder** in Google Drive.
➢ Click the three dots and choose **Download.**
➢ If the file is not a zip file, compress it (**control/click on the folder and select compress**).
➢ **Transfer** your compressed file to your iPad using **Airdrop (Control/Click > Share > Airdrop)**

On iPad
➢ Open the **Goodnotes app.**
➢ Select **New > Import.**
➢ Choose the Goodnotes zipped document from your files.
➢ Click **Open.**
➢ **It could take several minutes to import depending on the file size.**
